Profile

Data Scientist with 4 years of experience in data analysis, machine learning, and predictive modeling. Skilled in Python, R, SQL, and cloud platforms. Passionate about turning data into actionable insights.

Professional Experience

Data Scientist

TechAnalytics Inc. — San Francisco, USA

March 2020 – Present

- Built predictive models using Python and scikit-learn
- Analyzed large datasets to extract insights for business decisions
- Developed dashboards and visualizations in Tableau
- Collaborated with engineering teams to deploy machine learning models

Data Analyst

DataWorks LLC — San Francisco, USA

June 2018 – February 2020

- Cleaned and transformed datasets using SQL and Python
- Produced reports and visualizations for management
- Assisted in implementing machine learning algorithms

Education

Master of Science in Data Science

University of California, Berkeley

2016 – 2018

Bachelor of Science in Statistics

University of California, Berkeley

2012 – 2016

Skills

- Python, R, SQL
- Machine Learning, Data Mining
- Data Visualization: Tableau, Matplotlib
- Statistical Analysis
- Cloud Platforms: AWS, GCP

Projects

Customer Churn Prediction

- Built ML models to predict customer churn with 85% accuracy
- Implemented data pipelines for real-time prediction

Languages

- English: Fluent
- French: Intermediate

Certifications

- Certified Data Scientist (DASCA)
- AWS Certified Machine Learning – Specialty
